INTERNATIONAL

BIOENERGY INTERNATIONAL – YOUR DEDICATED AND TRUSTED MEDIA PLATFORM

BIOCHEMICALS & BIOMATERIALS – HEAT, POWER & COOLING – BIOLIQUIDS & EFUELS – BIOGAS & RENEWABLE GASES
– PELLETS, WOODCHIPS, BIOCARBON & SOLID BIOFUELS – CCUS, STORAGE, TRANSPORT & LOGISTICS – FEEDSTOCKS
– TECHNOLOGY & SERVICE SUPPLIERS – INNOVATION, RESEARCH & DEVELOPMENT
– POLICY, MARKETS & FINANCE – OPINION & COMMENTARY AND MUCH MORE!

Now in our 22nd year of continuous publication, Bioenergy International is the young oldie in the international biomass to energy publication space. Our young(ish) age means that we are agile, willing and able to evolve and adapt to an ever-changing media landscape while staying true to our old-fashioned face-to-face(s) and “muddy boots” modi operandi when it comes to reporting.

Core to Bioenergy International's existence and success is the staunch support from its advertisers, subscribers, readers, and supporters – individuals and organisations – united in the conviction that renewable, sustainable biomass is very much a critical part of the 'glocal' climate, energy, and environment solution. A testament to that support is that Bioenergy International is the official journal of the World Bioenergy Association (WBA), something that we are very proud of.

Both print- and digital have key complementary roles to play, and the partnership with WBA illustrates one example of the symbiotic relationship between the media forms. Jointly organised webinars on dedicated topics as diverse as green cookstoves in sub-Saharan Africa to biomass pellet production in Latin America, provide access to unique editorial content from around the world, not least the global South.

The Bioenergy International website, revamped in 2022, has since been joined by the Bioenergy International App (available from Apple Store or Google Store) that was launched earlier in 2023. With the App, print and/or digital subscribers, and advertisers can enjoy enhanced reading of the latest edition on a smartphone, or access previous/archived issues.

A big “thank you” to all our advertisers, subscribers, readers, and supporters that make Bioenergy International possible. It is your custom that enables our coverage of your stories through the different channels and platforms. We look forward to 2024 together with you.

EDITORIAL THEMES & FEATURES

1.

BIOMASS FOR HEAT & POWER WITH BIOCHAR SPECIAL!

- **Directory: Forest Biomass Equipment**

Spotlight 1: Bioenergy in industry

Spotlight 2: Forest & field biomass supply chains

Material Deadline: 19 February **Distribution Start:** 4 March

This issue takes a look at some of the world's larger biomass based energy projects. In addition, a look at how manufacturing and process industries are embracing bioenergy solutions to provide space and/or process heat, steam, cooling and/or power.

2.

PELLETS SPECIAL

- **Directory: Pellets Special Suppliers + Poster**

Material Deadline: 8 April **Distribution Start:** 22 April

A special, stand alone issue of Bioenergy International dedicated to pellets, which includes advanced biomass pellets (aka black pellets) and agri-biomass pellets. A companion to the "World of Pellets" wall poster, this the 10th edition includes site reports, a review of 2023 and outlook for 2024, pellet production technology features and will be distributed at all major pellet events 2024.

3.

ENERGY FROM RESIDUES & RESIDUE TREATMENT - Directory: Global Suppliers

Spotlight 1: Flue gas & ash handling

Spotlight 2: Anaerobic digestion (AD) & Organic Rankine Cycle (ORC) technologies

Material Deadline: 10 June **Distribution Start:** 24 June

This issue features energy recovery from residues such as RDF and MSW as well as other non-conventional biogenic sources including secondary sources such as waste heat and exhaust gases like carbon capture and utilisation/recycling (CCU/R), gas-to-liquid (G2L) as well as residue treatment including industrial, urban organics and wastewater treatment.

4.

BIOMASS FOR TRANSPORTATION+BECCS

- **Directory: Biofuels Equipment + Poster**

Spotlight 1: Feedstock pretreatment technologies

Spotlight 2: Transport powertrain technologies

Material Deadline: 9 September **Distribution Start:** 23 September

This issue focuses on conventional and advanced transportation biofuels and looks at how these multi-functions complement each other and how they can be integrated as biorefineries as well as other "Power-to-X", "carbon recycling", chemical recycling technologies, and electro-fuels (eFuels). Includes the 5th edition of **Advanced Renewable Transport Fuels (ARTF) map** – a 1000 x 700 mm wall poster listing of over 973 commercial and demonstration facilities.

5.

DISTRICT ENERGY - HEAT, POWER & COOLING

- **Directory: Size Reduction and Densification**

Spotlight 1: Energy storage

Spotlight 2: Biomass handling

Material Deadline: 28 October **Distribution Start:** 8 November

Distributed heat and/or power and/or cooling for residential and commercial applications is resource efficient but not widely practised. The opening up of such network infrastructure for third-party suppliers is a model that is gaining momentum. This issue looks at some of these projects and the case for district/distributed energy networks.

6.

CCUS, STORAGE, SHIPPING AND LOGISTICS

- **Directory: Biogas Technology Suppliers**

Spotlight 1: Dust & off-gasing

Spotlight 2: Fuels for shipping

Material Deadline: 25 November **Distribution Start:** 9 December

Mobilising biomass from the forest or field or moving pellets and biofuels from the plant to market is an infrastructural and logistical challenge. So too is energy storage – heat storage, power-to-heat, power-to-gas (methane and/or hydrogen) and gas grids. This issue also looks at the health, safety and quality degradation challenges along with developments to monitor and mitigate them.

IN EVERY PRINT ISSUE (EXCEPT PELLETS SPECIAL)

Note that in addition to the above editorial themes and features, each print issue (with the exception of Pellets Special) covers news on biogas, biocarbon, bioliquids, biofuels, CCUS, heat & power, markets & finance, policy, pellets & solid fuels.

Each issue is normally distributed at relevant bioenergy events. While we expect most major events to resume during 2024, the continued uncertainty makes it difficult to be specific at the time of print. Please refer to the calendar of events listing on www.bioenergyinternational.com for an update on events that Bioenergy International will be distributed at.

POSTERS & DIRECTORIES

LOGO ON THE WORLD OF PELLETS &/OR ARTF WALL POSTERS

WORLD OF PELLETS

– Distributed with issue no. 2 Pellets Special. First published in 2005, the “**World of Pellets**” poster provides a global visual overview of biomass pellet production and locations. Over 1 191 listed plants that have an annual production capacity of 10 000 tonnes or more.

ADVANCED RENEWABLE TRANSPORT FUELS (ARTF)

– Distributed with issue no. 4 Biomass for Transportation. First published in 2020, the “**Advanced Renewable Transport Fuels**” (ARTF) map provides a global visual overview of advanced renewable transportation fuel production and locations with over 973 facilities listed.

Both posters are 1 000 x 700 mm and available as **PRINT ONLY** with each respective print issue.

Poster logo format 20 x 60 mm 650 €

DIRECTORY

Logo format 20 x 30mm 495 €

Each issue includes a specific technology supplier directory published in the magazine. Free of charge, the directory listing includes company name, technology category and website address.

To make your entry pop, **order a special full colour display** that includes your company description and logo for only 495 € per directory. The entry appears both in the printed and e-magazine.

EVENT SPONSORSHIP OPPORTUNITIES

Bioenergy International is co-organizer of the **Nordic Pellets Conference, Fuel Market Day and Stora Biokraft-och Värmekonferensen** during 2024. We offer unique and specific sponsorship opportunities, either standalone or in combination with print and/or digital options.

‘Zoominars’ – Looking to partner on an theme or activity? In cooperation with World Bioenergy Association, Bioenergy International plans to host dedicated thematic webinars during 2024.

Whatever your marketing plans or ideas for 2024 might be, why not run them by **Dorota Natucka-Persson, Senior Market Manager and Co-editor**. Contact Dorota to discuss how you can leverage on Bioenergy International's media platform and channels to promote your business, and tailor a cost-effective package within your budget framework.

OFFICIAL PUBLICATION OF WBA

Bioenergy International is proud to be the official publication of the World Bioenergy Association (WBA), a global organization dedicated to increasing the efficient and sustainable utilization of bioenergy around the world and supporting the business environment for the bioenergy companies.

LEVERAGE THE LONG-TAIL

Did you know that there are over 9 200 articles posted on the Bioenergy International website since its launch in October 2016?

Perhaps your company, client, technology or project has been featured in a specific article – search on your company name to find out.

Take advantage of the Internet's long-tail effect by using the website as a third-party reference archive – by adding your company link retroactively to the article(s) of your choice, either as a:

- One link in the article body text - 350 €/article

- Boiler Plate below the article - 550 €/article

The link/boiler plate remains active until you instruct otherwise.

Not featured on the website? Be sure to include Bioenergy International on your press/PR circulation list!

NEW

SPONSORED ARTICLE – WEB

BIOENERGYINTERNATIONAL.COM – ON DESKTOPS, TABLETS & SMARTPHONES

The graphic format of a sponsored article is similar to that of other editorial on the website. However, to make it clear to the reader, it is clearly marked with a red delineation line around the article and the text "Sponsored content from our partner (company name)".

1350 € for 1 week, 1450 € for 2 weeks

1550 € for 3 weeks, 1650 € for 4 weeks

PLATFORM SUBSCRIPTION

Bioenergy International has revamped its magazine subscription to a rolling 12-month "platform inclusive" one that came into effect during 2022.

Download the new Bioenergy International App from Apple Store or Google Store.

In short, this means that apart from receiving a personal print and/or digital copy of the magazine, it includes the weekly newsletter, **free and/or discounted rates** at own and select third-party events (conferences, exhibitions, workshops and 'zoominars').

Book **at least 1 500 € worth** of total advertising (print/digital/ sponsorship or combination thereof) at the time of booking, and automatically qualify for a 12-month personal subscription that comes into effect from the booking date.

BOOST YOUR BRAND AND BUSINESS WITH THE BIOENERGY INTERNATIONAL MEDIA PLATFORM!

Bioenergy International is a powerful dedicated media platform and a key tool in your marketing mix. As international bioenergy advocate press with a clear editorial focus on the biomass-to-energy value chains, your advertising is always relevant and in context.

Bioenergy International is your "master key" in accessing these value chains that span across traditional industry sectors, sub-sectors and markets unlocking new opportunities for your products and services.

As an advertiser you can leverage the Bioenergy International media platform to reach qualified target groups and relevant decision-makers with purchasing power.

Build, Own, Operate and Maintain your brand, online and in print, with Bioenergy International.

Print - reach readers in over 60 countries/territories

Bioenergy International magazine comes out with six print issues per annum of which one is a dedicated issue on pellets "Pellets Special". Bioenergy International magazine is read by qualified decision-makers and representatives such as business directors, buyers, plant operators, policymakers, financiers, marketing executives from different business sectors that share a common interest in bioenergy.

Each print issue has a minimum print run of 4 000 copies. The e-magazine is the digital version of the printed edition. All print advertisers appear in the digital version of the print issue, with the option of adding a link to the advert, opening additional marketing opportunities.

Bioenergy International 24/7

Ensure your company appears in good company on **www.bioenergyinternational.com**. Advertise 24/7, part of the year or campaign based. Upgraded and reloaded in April 2022, the web platform is more intuitive, much faster and more responsive than previously, and works for all desktops, tablets and smartphones. Updated daily with news and commentary from around the world, spiced with a selection of articles from the print magazine, the website now (October 2023) contains over **9 200 searchable articles** posted since its launch in October 2016.

Starting from scratch in October 2016, the website has seen year-on-year growth in visitors and reach. According to figures from Google Analytics, **the website has cumulatively reached 223 countries/territories, has over 1 300 000 users, with an 00:01:12 minute average user session, over 2 000 000 page views.** (from start Oct 2016 - Oct 2023).
